

21+3 BLACKJACK

IT'S BLACKJACK
& THREE CARD POKER
IN ONE!

HOW TO PLAY

Place a Blackjack bet and the optional 21+3 side bet at the start of the game.

The dealer deals the cards as in regular Blackjack: two cards face up to each player; one card face up and one card face down for the dealer.

Players win the side bet based on the three card hand consisting of the dealer's up card and the player's initial two cards.

The 21 + 3 side bets are settled first, then the regular game of Blackjack begins.

21+3 BLACKJACK

HOW TO WIN

Get a Flush, Straight, Three of a Kind, or a Straight Flush with your two cards and the dealer's up card to win 9 to 1 on the 21 + 3 side bet.

Beat the dealer and win even money on the Blackjack bet.
