

Cajun Stud

Cajun Stud is a five (5) card poker game in which you compete against a pay table, not against the dealer or other players. Players are dealt two (2) pocket cards to be used with the three (3) community board cards to form a five (5) card poker hand.

Lo Ball, Pocket Bonus, Board Bonus

Cajun Stud offers several optional bonuses to wager on which will win if your hand achieves a winning event posted on the corresponding pay tables.

How to Play

Place an Ante bet and your choice of optional bonus bets.

Each round of play consists of three (3) separate betting rounds. You may either place a Raise wager that must be 1x, 2x, or 3x your Ante in each betting round before the community card is revealed, or fold.

Note: When you fold, you forfeit all bets left in action in the primary game; however, the bonus wagers remain in play.

How to Win

Cajun Stud

Your five (5) card poker hand wins odds if your hand consists of a pair of Jacks or better; a pair of 6s to 10s will “push.”

Winning hands will receive payout odds on all wagers.

Optional Bonuses

The outcome of the primary wager has no effect on the bonus wagers.

Lo Ball wins odds if your five (5) card poker hand contains only a Jack high or lower; pushes with a Queen high.

Pocket Bonus wins odds if your two (2) pocket cards consist of a Pair or an “Ace plus a Face” (AK, AQ, or AJ).

Board Bonus wins odds if the three (3) community board cards consist of a Pair or better.

PAYOUT ODDS
